~READ FOR LIBRIVOX BY ROGER MELIN~

Frank Allaben

Concerning Genealogy

Written over a century ago, this comprehensive book offers insight into the methods used (still to this day, in spite of modern computers) to research and compile a family history. As stated in the preface of the book, "Strong emphasis is laid upon the importance of employing the historical method..." which is sorely lacking in today's computerized compilations. - Summary by Roger Melin

Read by Roger Melin Total running time: 1:56:07
